INTERVENTION

TUBULAR RUNNING SERVICES

Inform your life-of-well decisions with high-quality information

- Logging While Drilling
- Wireline Services
- Testing and Production Services

Reach your drilling targets and construct with integrity

- Fluid Systems and Drilling Waste Management
- Drilling Services
- Managed Pressure Drilling
- Rental Tools and Services
- Pressure Control
- Liner Systems
- Cementing
- Pump and Fluid Systems
- Real-Time Data Services

Create the optimal design to boost production

- Safety Systems
- Production Packers
- Reservoir Monitoring
- Pressure Pumping Services
- Flow Control
- Isolation Barrier Valves
- Multistage Fracturing
- Openhole Isolation Packers

Unleash asset potential with complete optimization solutions

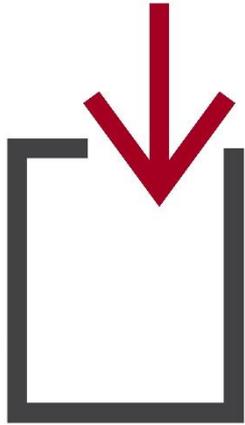

- Artificial Lift
- Automation
- Production Optimization Software
- IoT / SCADA Software

Extend productive life and establish permanent well abandonment

- Fishing Services
- Wellbore Cleaning Services
- Re-Entry Services
- Well Abandonment Services
- Casing Repair and Zonal Isolation
- Cased-Hole Wireline

Enhance safety and efficiency during tubular operations anywhere

- Automated Connection Integrity
- Traditional Systems
- Drilling with Casing

A man wearing a green hard hat with the OMV logo and clear safety glasses is smiling. He is wearing a blue safety shirt with reflective silver stripes. The background is an industrial facility with various pipes and structures. In the top right corner, there is a small icon of a heart with a plus sign. In the bottom left corner, there is a small white L-shaped symbol.

**MULTUMESC
THANK YOU**
